

TRAINING GUIDE-LYNX

CSP- EVENT NOTIFICATIONS

From the **Equipment** Menu, click on "Event Notifications"

That option allows you to set a notification on units or vessel

Event Notifications

[Home](#) > [Imports](#) > [Event Notifications](#)

[Add Notification](#)

[Manage Notifications](#)

Entity:

☐ Unit

☒ Vessel

Select Service and Event Type

Service:

HD

Event Type:

Add Notification

Select the entity you want to set a notification for and fill in the information.

Click on the "Add Notification" button to validate

The "Manage Notification" tab allows you to view all notification that you have set.

If you no longer require a notification, it is possible to delete it by clicking on the "delete" button
